### **Recommendation Letter for Diogo Filipe Rodrigues Barbosa**

Dear Sir or Madam,

It is with great pleasure that I write this letter of recommendation with the strongest support for Diogo Barbosa.

Diogo is studying for the First Degree in Computer Science at the Faculty of Sciences of the University of Porto. From February 2019 to July 2019, Diogo was my student in *Computer Lab* course, whose main goal is to improve C programming skills through the execution of small projects. As his lecturer, I had the opportunity to observe Diogo's dedication, work habits, proactivity, creative approaches and problem solving skills. Diogo's overall performance was excellent: he scored the maximum of 20 points (scale from 0 to 20).

In addition, I took the opportunity to check Diogo's grades in the other courses. Diogo's overall performance in the first year of first grade in Computer Science was excellent, obtaining grades that are at the top 5% of the overall first year Degree grades.

From my personal experience teaching Diogo, I have no doubt that Diogo, besides being an excellent student, is a very dedicated, proactive and motivated student, eager to learn new subjects and face new challenges. Therefore, I strongly encourage the acceptance of Diogo's request.

Yours Sincerely,

(Sérgio Crisóstomo)
